

"CLEAN-UP" DRIVE PLANS UNDER WAY IN BRISTOL AREA

Important Project is Sponsored Annually By the Chamber of Commerce

NUMEROUS 'SURPRISES'

Well-Planned Parade To Announce Official Opening On May 3rd

Plans for one of the most important annual campaigns sponsored by Bristol Chamber of Commerce in this area are well under way for this year. This is the "Clean-up, Paint-up, Fix-up" campaign, and official dates are May 3rd to May 17th inclusive. This year's campaign is saturated with surprises and new ideas formulated by this year's committee, co-chaired by Francis J. O'Boyle, Sr., and Kenneth J. Anderson.

All civic-minded residents are asked to remember this campaign is national with awards presented to towns and cities which do an outstanding job. Bristol can again become a winner if the cooperation of every resident, industry, and organization is received, the Chamber reminds.

Many awards are being prepared and will be presented to various sections which reflect "a job well done." Details on the awards will be given at a later date.

The first surprise of the campaign will take place in front of the Grand Theatre at 12 noon on May 3rd. This will be the time of the "kick-off" or formal opening of the campaign. After the various surprises are completed, a well-planned parade will announce the official opening to the residents.

A general schedule of the two-week campaign is as follows: May 3rd, "Kick-Off," 12 m.; May 4th, church cooperation; May 5th, schools, essay and poster contest; May 6th, safety and fire prevention; May 7th, home repairs; May 8th, front and back yard day; May 9th, rubbish collection; May 10th, vacant lots, alleys; May 11th, landscape and planting; May 12th, paint up; May 14th, health; May 15th, industry; May 16th, inspection; May 17th, prizes and awards.

In addition to allowing the school children of this area, both of public and parochial schools, to actively participate, helping their parents and organization leaders, the campaign will feature contests with suitable prizes to pupils in the level of junior high and above. The first is an essay contest with the theme "Why we should cooperate with the 'Paint Up, Clean Up, Fix Up' Campaign." The second is a poster contest again utilizing the campaign title as the subject matter. Details of the contests can be secured from various teachers who are cooperating with the chairman in charge of contests, Mrs. William Harding.

The committee has thousands of banners, posters, placards, streamers, gummed stickers, etc., which will be distributed and displayed in strategic locations. They will serve as a visual reminder to every man, woman and child in this area to aid the progress in this and the surrounding areas.

SOCIAL AFFAIR

LEVITT STATEMENT REGARDS LAW SUIT

Claim Township Authority Has Produced Only An "Avalanche of Papers"

CLAIM ONE OPPOSED

(Special to Courier)

NEW YORK, N. Y., Apr. 18—The following statement was issued today by the attorneys for Levitt and Sons, regarding an injunction suit filed by Bristol Township Authority at the Bucks County Court House, Doylestown, yesterday:

"The only thing the Bristol Township Authority has produced since its inception is an avalanche of papers. This law-suit is the most recent flurry. Meanwhile water and sewage facilities are being completed and the Levittown Authority is proceeding with preparations to put the system into operation.

"It is difficult to understand how so-called experts for the Bristol Township Authority can claim that they are ready, willing and able to provide sewer and water services for a town of 70,000 people when they possess is a typewriter and desk, if that.

"An important member of the Commission told us yesterday, the suit was all news to him, that he knew nothing about it and was opposed to it. In view of such confusion, the suit can hardly be taken seriously.

"The only conclusion that we can draw from the situation is that some people are creating a furore in the name of the public interests that could only result in almost twice the cost to the consumer for water and sewage and the imposition of superfluous fees running into many hundreds of thousands of dollars.

"It is obvious that the more suits filed, the more fees for their lawyers."

CORRECT PRICE

In preparing their advertisement for yesterday's edition of The Courier, Ralph's Paint Store gave incorrect price for one product. It should have read: "Glidden Rock-Spar Varnish, \$6.40 gal.; \$1.89 qt.; \$1.06 pt."

OUT IN THE OPEN

One of the important shifts which has taken place in the political arena is that General Eisenhower's recent statement resigning from NATO and promising to return to the U.S.A. before the convention puts him out squarely on the firing line.

No longer will his high position screen him from the searching questions which thousands of Republicans are asking.

The unfortunate fact that he presently plans to keep in uniform up to the convention will not be sufficient to warrant his disregarding the issues.

The screening effect of his high position up to now was well illustrated in the case of the New Hampshire election. There, when Senator Taft let loose a barrage of embarrassing questions, the Eisenhower leaders were able to get off the hook by rearing up in "righteous indignation" and claiming that the General was being persecuted while absent on supremely urgent business. But within a few weeks he resigned.

The screening effect of his high position up to now was well illustrated in the case of the New Hampshire election. There, when Senator Taft let loose a barrage of embarrassing questions, the Eisenhower leaders were able to get off the hook by rearing up in "righteous indignation" and claiming that the General was being persecuted while absent on supremely urgent business. But within a few weeks he resigned.

First of many sharp attacks which may be expected on the General for the ambiguous course he is pursuing, of running for the presidency but answering no questions as to his views, is that of Senator Herman Welker (R., Idaho) who charged that the recent Eisenhower statement was "a complete repudiation of his own personal position" as previously announced.

"It is hard to believe that the Republican Party is going to consider the nomination of a man whose views on all public issues are vague and uncertain and apparently likely to be changed under pressure at any moment," the Senator said.

Declaring that the General's statement had been inconsistent and showed a lack of frankness, Senator Welker added: "He apparently intends to . . . continue until the Republican convention in uniform so to speak and not reveal to the people of this country what his definite views are on the vital issues disturbing the American people today."

"Certainly few speeches his sponsors are arranging for him where he can talk in generalities and not answer questions will not satisfy the voters of this country."

The senator said that Eisenhower should tell, among other things: Whether he would retain Dean Acheson as secretary of state; what should be done in Korea; and how he regards President Truman's seizure of the steel industry.

Noting that the General had said in January that under no circumstances would he seek relief to campaign for office and

Discusses Factors Which Make A Poor Reader

Fifty attended a meeting of Maple Shade-Newportville Parent-Teacher Ass'n last evening in Maple Shade school. The meeting opened by the P.T.A. prayer by Miss Barbara Elliott.

Minutes were read by Mrs. Henry Dawicki, secretary. Mrs. E. G. McGruder reported the treasury balance. Two letters were read, one concerning the spring assembly of P.T.A. at Buckingham, and one from Lower Bucks County Hospital committee acknowledging receipt of \$100 gift from the P.T.A. Report was made of a spring barn dance on May 10th.

William Hirter and Alfred Litz were appointed to inspect the backstop on the playground at Newportville school.

A committee was appointed consisting of Mrs. William Dyer, Mrs. Robert Cameron, Mrs. E. G. McGruder, Mrs. Fred Davies to investigate what articles may be purchased for both schools.

Room mothers presented the P. T. A. five dozen glasses and dessert dishes.

Morton Botel, reading consultant for Bucks county, who is currently instructing teachers of the county at Delhaas high school in a reading program, brought out the complexities of factors that make up a poor reader—mental ability, age, word and picture association, physical and emotional factors. He mentioned how hard it is to determine which factor or combinations make up a child's difficulty in reading. He explained the program of reading as taught now as against the old-fashioned method and how much better trained teachers are today to handle these problems.

Room count was won for the fourth time by Mrs. Mary Kates' third grade room.

Election of officers took place with the following results: President, Mrs. J. F. Peters; vice-presidents, Mrs. Walter Crawford, Maple Shade; Mrs. Elmer Heston, Lower West Bristol; George Eysenbach, Upper West Bristol; Mrs. Herman Steubing, Newportville; Mrs. Margaret Hennessey, Fergusonville; Mrs. William Michalsky, Maple Beach; treasurer, Mrs. E. MOSCOW BAIT

Foreign businessmen are going to Moscow this month to attend something termed "the international economic conference." They have been lured by Soviet hints of advantageous trade transactions. Exporters from the Scandinavian countries and Italy are biting on the bait.

Russia will promise, among other enticements, to throw open the China market. A Japanese delegation will attend if it gets the permission of the government. Japan will be offered coal, iron, foodstuffs and other raw materials in exchange for manufactures amounting to approximately 40 per cent of Japan's capacity.

The United States would be powerless to prevent a deal of this sort, now that it has signed a peace treaty with Japan.

Pressure has been brought upon London to urge Japan's acceptance of the Russian deal. Moscow says if Japan doesn't trade with China, Japanese products will be offered elsewhere in Asia at prices which British factories cannot match.

The Soviet propaganda machine is grinding out arguments for traditional trade between West and East in Europe. Russia seeks the manufactured products of Western Europe to aid in building its war machine.

Russia is striving night and day to drive wedges between the Western powers. The trade conference is one such device. If Europe and Japan can resist trade lures, the world will be well on the way toward thwarting Russia's expansionist ambitions. Russia is convinced it can do business with Japan and Britain. Britain, in fact, is supplying huge quantities of rubber to Russia.

"LOW-COST" HOUSING

The government's low-cost housing program is proving to be expensive to taxpayers, according to Representative Smith of Kansas, who has the figures to back up his assertion. Representative Smith says the government could save money for the taxpayers if it made an outright gift of the properties to prospective buyers.

Before a city or community can be cut in for public housing the municipality must waive all taxes, real and personal, and must agree to pay for all local services, streets, sewers, fire protection, etc.

Here is how this works out, according to the Congressman:

It costs the taxpayers every month \$25.34 for every house built under the government plan to provide this boon. That is \$304 a year, and the community loses the tax on the property, which averages \$144 a year.

Life of these houses is estimated to be 40 years, so the taxpayer will have contributed over that period \$12,169, and local government will have lost in taxes \$5,760, or a total of \$17,929 for one small house which bears more resemblance to a chicken coop than to a dwelling.

Out In The Open

Continued from Page One

that he would take no part in pre-convention activities, Welker asked:

"Does he pretend that he is not asking relief (from his position in NATO) in order to seek nomination for political office?" Does he think he is not participating in the pre-convention activities of others?"

The apparent determination of General Eisenhower not to get into any discussion of the issues which lie before the American people and which, in large measure, must be decided upon in the act of nominating a Republican candidate for the presidency, has been amplified in connection with the New Jersey election. The General flatly refused to answer any questions by reporters.

The fact is that while General Eisenhower has been set forth before the American people in a host of glittering generalities, these are so vague in their nature, and so many of them are not his own words but merely the "impressions" of his associates, that nothing tangible is known about his position on a long list of key issues.

No one knows where he really stands on the Taft-Hartley labor law, for instance, nor on the Truman-Acheson foreign policy in Europe and the Far East, nor on compulsory FEPC, nor on government ownership of basic industries, nor on such constitutional questions as whether a president, on the pretense of "emergency", may properly take tyrannical powers and then ask Congress to "pass a law"—which is what President Truman did in the steel strike.

The one single point in which General Eisenhower actually has taken a stand, to be recalled in a quick run-down of his own statements, is in the matter of compulsory military training.

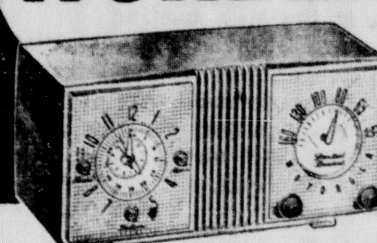

This he favors, and on the basis of every boy spending two full years under military discipline.

This is a matter which Congress, faced by the sturdy unwillingness of the American people to step into any such militaristic program, has held back on for ten years.

Congressmen have reported, in recent months, that far and away the heaviest mail they receive is in the form of protests over the Truman proposal for universal military training.

The one thing clear thus far about the Eisenhower regime, if he should be nominated and elected, is that almost certainly universal military training will be on the statute books by this time next year.

TIMES' FLYING, FOLKS...

you won't be younger tomorrow!

MOST of the houses in Levittown for this year's occupancy have already been sold. What they'll be selling for next year and the year after is anybody's guess—but it's a guess in one way only: how much higher will they be?

► In Levittown, Long Island—which is all completed—it is next to impossible to buy a house at the price we originally sold it. Increases range from 10% to 40%. The same applies to every other community we have built. In the pre-war Strathmores selling prices today are more than double original figures.

► There is still time to get settled in Levittown before the end of the year if you make an application reasonably promptly.

► The price is \$9,990 plus \$10 settlement costs. Included are exquisitely landscaped grounds of 70 by 100, General electric refrigerator and range, Bendix automatic washer, and a hundred other details and items not usually found in a house at this price.

► Cash required is \$600 for veterans and \$1,500 for non-veterans. Carrying charges are approximately \$60 per month. And the house is a beauty, with 5½ splendid rooms, plus carport and driveway.

► Since Spring is finally here the Exhibit on Bristol Pike is open seven days a week until 10 o'clock in the evening. Serious-minded homeseekers should not delay. Time's flying, folks. You won't be younger tomorrow!

HOW TO REACH LEVITTOWN

By car from Philadelphia: Drive out Roosevelt Boulevard continuing on Route 1 for about 5 miles. Turn right at Levittown sign to Route 13. Turn left on Route 13 about 3 miles to the Exhibit Center.

By car from Trenton: Cross the bridge into Pennsylvania, turn left to Route 13 (Bristol Pike). Continue on Route 13 four miles past Morrisville.

By car from Camden: Drive out Route 130 (Burlington Pike) to Burlington. Turn left and cross bridge to Bristol. Turn right on Route 13 four miles to Exhibit Center.

Young Business Men Told Of Grave Problems Ahead

Continued from Page One

high caliber of the men selected. Most important is the national budget. This budget, in which the president requested 85 billion dollars, took a year to prepare under the guidance of 400 accountants. Congress is expected to understand and adopt the budget in six weeks. It has been suggested that the budget be slashed to 71 billion as that is all that can be taken from the people. A group of us congressmen are trying to cut it still more. We have cut it about 14% so far. I

consider the most important thing before this country today to be the reduction of spending. Our gravest danger is not the threat of war, but the restriction of our economy by spending more than we can raise. I will vote for reductions. We have created a federal government that is too big and being big it grabs more and more authority as a matter of self preservation. Half of the \$900,000,000 budget of the Department of Agriculture is pure subsidy. We can't cut all of the subsidy this year. This money is being handed to farmers who don't need it, and who do not perform extra services for it. We have gotten too big. The basic idea of government as a servant of the people is fading under the pressure of bureaucrats who devised things so that government is supposed to be the miracle pitcher for the entire country. All of you business men have a great deal at stake in federal legislation. Freedom and liberty should be cherished. I am sure that this group will be in the forefront campaigning to keep government sound in basic economy."

Horace Tranter, Bristol, a direc-

tor of the Lower Bucks Jaycees, acting as toastmaster, introduced the second speaker, Ray Oatman. Oatman is secretary of the State Jaycees and he said: "A charter meeting is always a source of great satisfaction. Through membership in the Jaycees young businessmen receive invaluable training in leadership. This charter, which I present to you, is a key to opportunity to take an active part in community affairs."

James Biggin, of Bristol, president of the Lower Bucks Jaycees, accepted the charter. "It is gratifying to accept this charter. It has been made possible only due to the work and response of our members." He then thanked the Bristol C. of C. and the Phila. Jaycees for their support.

Earl Cunerd, of Phila., the president of the Phila. Jaycees, was introduced as the third speaker. He stated: "This is the third J. C. group that we have started in the last year. It has been a real pleasure for our group to help. Now you can get your efforts, enthusiasms and ideas to the community." He

then presented a lapel pin to President Biggin.

Biggin introduced the officers: External Vice-President John Zlaty, of Yardley; Internal Vice-President Art Wolf, of Somerton; Treasurer Jacob Townsend, of Bristol; Legal Counsel John Fullam, of Parkland; Director James Kane, of Bristol; Director Horace Tranter, of Bristol; Director Edwin Johnson, of Newtown, and State Director William Haefner, of Morrisville.

National Vice-President of Jay-

cees and the fourth and final speaker, Alvan Adams, of Phila., addressed the group. He told the members that the Jaycees were a great organization and that in the last two years the impetus of the Jaycee movement has been outstanding. He concluded by saying: "Salesmanship offers a great opportunity to you to sell Jaycee. There are more reasons for 'aycees than any other organization that I know of. There is no other country in the state or in the entire country that has the opportunities that are available here. It is a challenge to you.

Make Bristol a city equalled by none in the world.

Tranter ended the meeting on the thought that the Jaycees will un-

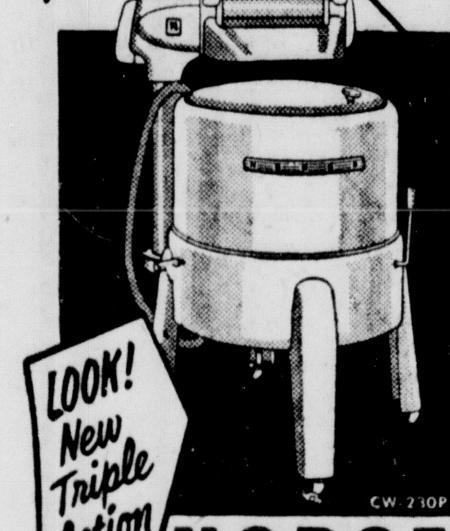

dertake projects to make this portion of the state a better place.

"Clean-up, Fix-up, Paint-up" is a good slogan and a good habit.

Convention Hall, Phila., was opened Apr. 8, 1931.

KEEP KING in CONGRESS

KARL C. KING

Congressman
Bucks - Lehigh

Friends of Karl C. King are sponsoring this space to urge the voters of the Eighth District to keep him in Congress with their votes at the Primary, April 22.

With Congress now in Session considering legislation very important to our country, it is obviously impossible for him to spend a great deal of time

campaigning for renomination, without neglect of the job we gave him.

We urge his continuance in office because we have confidence in his ability, his integrity, and his understanding of the problems of our people. We can depend on Karl King for intelligent and courageous representation in Congress.

This is the Crucial Year of the Conflict Between Personal Freedom and Federal Authority!

Mrs. Robert Hoffman and Mrs. Arthur Brinton, on Wednesday, represented the League at a meeting on public health and education at the home of Mrs. F. W. Vogel, Penns Park.

Mrs. Roland W. Porter reported the "Know Your Town" booklet will be available April 25th. It is entitled "This Is Newtown."

A skit entitled "The Election Story," was presented by Mrs. Buckman, Mrs. Chester Ely, Mrs. Charles Abbe, and Mrs. Martin Bauman, following which questions and answers occurred regarding the primary election, registration, candidates, etc.

Today's Quiet Moment

Submitted by the Rev. Stanley A. Powell, Jr., B.D., Rector, Christ Episcopal Church, Eddington Vicar, St. Paul's Edgely.

Christ is risen from the dead and become the first fruits of them that slept.

For since by man came death, by man came also the resurrection of the dead.

For us in Adam all die, even so in Christ shall all be made alive. (1 Cor. 15:20 ff.)

"O Lord God Almighty, whose blessed Son our Saviour Jesus Christ did on the third day rise triumphant over death: Raise us, we beseech Thee, from the death of sin unto the life of righteousness, that we may seek those things which are above, where He sitteth on Thy right hand in glory, and this we beg for the sake of the same Thy Son Jesus Christ our Lord. Amen. (Scottish Book of Common Prayer.)

American War Mothers, travelled to Philadelphia Naval Hospital, Wednesday, to visit four servicemen, who are recovering from injuries received in an automobile accident near Jenkintown, about six weeks ago. The men were each presented a package of toilet articles and cigarettes. SPORTSMEN'S BRIEFS

By "Ollie" Hobbs
Pinch-Hitting for Joe Elbersen

I was walking around Silver Lake this week and from what I could see this is a lake that is enjoyed by everyone. All types of people, not only the fishermen, but also the ones who like to take a walk on a Sunday afternoon, the ones who want to sit in their cars and enjoy its beauty and the mothers who take their children around the lake. There are others who just want to sit there at night to talk. Our lake is a beautiful place, in fact, it is one of the most enjoyed places in Bristol. And we should try to keep it that way.

Please, Mr. Fisherman, don't throw that trash along the banks. It's no trouble to take it back home and dispose of it in the proper way. Don't leave any unsightly things around to mar the beauty of the lake.

While I was riding along Magnolia road near Silver Lake on Sunday, I happened to see two deer crossing the road about 200 feet in front of me headed toward the lake. They were also seen by two other cars who stopped to view this unusual scene. The deer looked very thin and in need of food.

Five fellows, members of the Bristol Fish and Game Protective Ass'n, went to North Jersey and fished the Musconetcong River on Saturday, the opening day of the New Jersey season. These boys were John Baker, who got seven nice trout, Ben Sroka, eight; they tell me Ben was sure happy about his catch. Ralph Baker landed eight, Jay Baker, two and "Tom" Harrison, three. All the trout were between 10 and 14 inches. The weather was cold and they had a lot of sleet in the morning. The water was cloudy, and considering everything this is what I would call a very good day on any stream.

On Saturday, I fished Spruce Run at Glen Gardner, N. J. I picked up two nice brook trout, but most of the boys had their eight trout by nine o'clock. The stream was in the best shape I have ever seen it, but the trout just outsmarted me and my flies. I just couldn't get myself down to using garden hackle.

The fishermen in Bucks county had a very poor opening day on April 15th. Buckingham Valley had a very bad storm Monday night and the streams were muddy and far over their banks. In fact, you could hardly find the stream. No fish were taken from Mill Creek—the fishermen just stood around and talked about the high waters.

Cooks Creek wasn't as bad as Mill Creek but it couldn't be fished as it should be because of the condition of the water. There were a few trout taken but not as many as would have been if it hadn't been for the muddy water.

From all reports the storm extended up into the Pocono Mountains and fishing was very poor on all streams. There should be plenty of trout left for us fly fishermen and C. A. French has promised another stocking of trout before the season ends.

Now with the rabbit fox in the high light, this is what the vermin control chairman of Bristol Fish and Game Protective Ass'n has to say. "Nick" Rubino, the chairman, says the fox hunters in lower Bucks county have done a swell job in keeping the fox under control. The Newtown hunters have killed 40 foxes this year; Langhorne hunters turned in 36; Hulmeville, 27; Morrisville, 13 and Bristol hunters bagged 25 foxes making a total of 141 foxes so far this year. Because of this fine kill we were not troubled with the rabbit foxes as were some nearby areas.

These hunters have done more for the small game hunters and also for the public than anyone knows. By reducing the fox population, these hunters have kept the scare of rabies away from this section and helped the farmer protect his poultry. Even so, I have had hunters say to me, "Why don't they keep the fox hunters out of the field when the small game season is over so we would have more game?" Well, I don't think there is a fox hunter who would kill any game out of season. If he did, I think he sure has earned it. They are more interested in hearing their dogs run than in killing game, so let them continue to do the same good job they have been doing.

The Pennsylvania Game Commission, at their meeting of January 10th, 1952, adopted the following program for bounty payments on predators: foxes, grey or red, \$4 each; weasel, \$1 each; great-horned owl, \$5 each for adult or fledgling.

This program will become effective June 1st, 1952, and continue until further notice.

10 ERRORS DOWNFALL OF BRISTOL TEAM

Ten errors proved the downfall of the Bristol High girls yesterday as they lost to Council Rock girls, 11-9, on the Bristol Diamond.

Bristol outlived the winning team, 9-7, but the miscues, especially toward the finish of the tilt doomed the locals. Only Janet Plowman and Peggy Mount escaped having an error charged against them in the Bristol lineup.

Bristol will meet Bensalem on the latter's field next Wednesday.

"CLEAN-UP" DRIVE PLANS UNDER WAY IN BRISTOL AREA

Important Project is Sponsored Annually By the Chamber of Commerce

NUMEROUS 'SURPRISES'

Well-Planned Parade To Announce Official Opening On May 3rd

Plans for one of the most important annual campaigns sponsored by Bristol Chamber of Commerce in this area are well under way for this year. This is the "Clean-up, Paint-up, Fix-up" campaign, and official dates are May 3rd to May 17th inclusive. This year's campaign is saturated with surprises and new ideas formulated by this year's committee, co-chaired by Francis J. O'Boyle, Sr., and Kenneth J. Anderson.

All civic-minded residents are asked to remember this campaign is national with awards presented to towns and cities which do an outstanding job. Bristol can again become a winner if the cooperation of every resident, industry, and organization is received, the Chamber reminds.

Many awards are being prepared and will be presented to various sections which reflect "a job well done." Details on the awards will be given at a later date.

The first surprise of the campaign will take place in front of the Grand Theatre at 12 noon on May 3rd. This will be the time of the "kick-off" or formal opening of the campaign. After the various surprises are completed, a well-planned parade will audibly announce the official opening to the residents.

A general schedule of the two-week campaign is as follows: May 3rd, "Kick-Off," 12 m.; May 4th, church cooperation; May 5th, schools, essay and poster contest; May 6th, safety and fire prevention; May 7th, home repairs; May 8th, front and back yard day; May 9th, rubbish collection; May 10th, vacant lots, alleys; May 12th, landscape and planting; May 13th, paint up; May 14th, health; May 15th, industry; May 16th, inspection; May 17th, prizes and awards.

In addition to allowing the school children of this area, both of public and parochial schools, to actively participate, helping their parents and organization leaders, the campaign will feature contests with suitable prizes to pupils in the level of junior high and above. The first is an essay contest with the theme "Why we should cooperate with the 'Paint Up, Clean Up, Fix Up' Campaign." The second is a poster contest again utilizing the campaign title as the subject matter. Details of the contests can be secured from various teachers who are cooperating with the chairman in charge of contests, Mrs. William Harding.

The committee has thousands of banners, posters, placards, streamers, gummed stickers, etc., which will be distributed and displayed in strategic locations. They will serve as a visual reminder to every man, woman and child in this area to aid the progress in this and the surrounding areas.

LEVITT STATEMENT REGARDS LAW SUIT

Claim Township Authority Has Produced Only An "Avalanche of Papers"

CLAIM ONE OPPOSED

(Special to Courier)

NEW YORK, N. Y., Apr. 18 — The following statement was issued today by the attorneys for Levitt and Sons, regarding an injunction suit filed by Bristol Township Authority at the Bucks County Court House, Doylestown, yesterday:

"The only thing the Bristol Township Authority has produced since its inception is an avalanche of papers. This law-suit is the most recent flurry. Meanwhile water and sewage facilities are being completed and the Levittown Authority is proceeding with preparations to put the system into operation.

"It is difficult to understand how so-called experts for the Bristol Township Authority can claim that they are ready, willing and able to provide sewer and water services for a town of 70,000 people when all they possess is a typewriter and desk, if that.

"An important member of the Commission told us yesterday, the suit was all news to him, that he knew nothing about it and was opposed to it. In view of such confusion, the suit can hardly be taken seriously.

"The only conclusion that we can draw from the situation is that some people are creating a furor in the name of the public interests that could only result in almost twice the cost to the consumer for water and sewage and the imposition of superfluous fees running into many hundreds of thousands of dollars.

"It is obvious that the more suits filed, the more fees for their lawyers."

CORRECT PRICE

In preparing their advertisement for yesterday's edition of The Courier, Ralph's Paint Store gave incorrect price for one product. It should have read: "Glidden Rock-Spar Varnish, \$6.40 gal.; \$1.89 qt.; \$1.06 pt."

To the P.T.A. president, Mrs. Vincent Latham, she presented a bouquet of flowers; and to Miss Margaret Perry, an orchid corsage.

Thirty-nine attended, with group singing followed by Bible reading by the president, and the Lord's prayer. Mrs. Earl Foster read minutes of the March meeting; and the president read the report of treasurer, Dr. N. P. Larson.

Word was received that the federal government will continue to subsidize milk for Type C lunches until May 1st. The cafeteria at the school will close April 23rd. Principal Frank Binder reported 1308 meals served on the 21 school days during March.

Mrs. Fred Foster reported membership at 75.

OUT IN THE OPEN

One of the important shifts which has taken place in the political arena is that General Eisenhower's recent statement resigning from NATO and promising to return to the U.S.A. before the convention puts him out squarely on the firing line.

No longer will his high position screen him from the searching questions which thousands of Republicans are asking. The unfortunate fact that he presently plans to keep in uniform up to the convention will not be sufficient to warrant his disregarding the issues.

The screening effect of his high position up to now was well illustrated in the case of the New Hampshire election. There, when Senator Taft let loose a barrage of embarrassing questions, the Eisenhower leaders were able to get off the hook by rearing up in "righteous indignation" and claiming that the General was being persecuted while absent on supremely urgent business. But within a few weeks he resigned.

First of many sharp attacks which may be expected on the General for the ambiguous course he is pursuing, of running for the presidency but answering no questions as to his views, is that of Senator Herman Welker (R., Idaho) who charged that the recent Eisenhower statement was "a complete repudiation of his own personal position" as previously announced.

"It is hard to believe that the Republican Party is going to consider the nomination of a man whose views on all public issues are vague and uncertain and apparently likely to be changed under pressure at any moment," the Senator said.

Declaring that the General's statement had been inconsistent and showed a lack of frankness, Senator Welker added: "He apparently intends to . . . continue until the Republican convention in uniform so to speak and not reveal to the people of this country what his definite views are on the vital issues disturbing the American people today.

"Certainly few speeches his sponsors are arranging for him where he can talk in generalities and not answer questions will not satisfy the voters of this country.

The senator said that Eisenhower should tell, among other things: Whether he would retain Dean Acheson as secretary of state; what should be done in Korea; and how he regards President Truman's seizure of the steel industry.

Noting that the General had said in January that under no circumstances would he seek relief to campaign for office and

Discusses Factors Which Make A Poor Reader

Fifty attended a meeting of Maple Shade-Newportville Parent-Teacher Ass'n last evening in Maple Shade school. The meeting opened by the P.T.A. prayer by Miss Barbara Elliott.

Minutes were read by Mrs. Henry Dawicki, secretary. Mrs. E. G. McGruder reported the treasury balance. Two letters were read, one concerning the spring assembly of P.T.A. at Buckingham, and one from Lower Bucks County Hospital committee acknowledging receipt of \$100 gift from the P.T.A. Report was made of a spring barn dance on May 10th.

William Hirter and Alfred Litz were appointed to inspect the backstop on the playground at Newportville school.

A committee was appointed consisting of Mrs. William Dyer, Mrs. Robert Cameron, Mrs. E. G. McGruder, Mrs. Fred Davies to investigate what articles may be purchased for both schools.

Room mothers presented the P. T. A. five dozen glasses and dessert dishes.

Morton Botel, reading consultant for Bucks county, who is currently instructing teachers of the county at Delhaas high school in a reading program, brought out the complexities of factors that make up a poor reader—mental ability, age, word and picture association, physical and emotional factors. He mentioned how hard it is to determine which factor or combinations make up a child's difficulty in reading. He explained the program of reading as taught now as against the old-fashioned method and how much better trained teachers are today to handle these problems.

Room count was won for the fourth time by Mrs. Mary Kates' third grade room.

Election of officers took place with the following results: President, Mrs. J. F. Peters; vice-presidents, Mrs. Walter Crawford, Maple Shade; Mrs. Elmer Heston, Lower West Bristol; George Eysenbach, Upper West Bristol; Mrs. Herman Steubing, Newportville; Mrs. Margaret Hennessey, Fergusonville; Mrs. William Michalsky, Maple Beach; treasurer, Mrs. E. G. McGruder; secretary, Mrs. Henry Dawicki.

YOUNG BUSINESS MEN TOLD GRAVE PROBLEMS AHEAD

Karl C. King Levels Serious Charges at Federal Government

JUNIOR C. OF C. AFFAIR

100 Attend Dinner Meeting in Parkland Fire Co. Station

PARKLAND, Apr. 18—A government that is unwieldy, that is marching toward dictatorship by exercising too much authority on business and the private lives of individuals, and that threatens, through over-expenditure, to destroy our economy is one of the grave problems that face young business men in this country, according to Congressman Karl C. King.

Congressman King leveled these serious charges at the federal government in a speech presented at the charter dinner meeting of the Lower Bucks Co. Jr. Chamber of Commerce, held here, last evening, in the firehouse on Ave. D. The banquet was attended by almost 100 members of the Lower Bucks Co. and Phila. Chambers of Commerce and by many borough and township officials.

Congressman King's speech is substantially as follows:

"The spirit of your group of young business men means well not only for your group, but for the entire country. I have been a farmer and a business man in this area for many years. I am proud to be a Congressman. Congress is the main instrument of government by law as distinguished from government by executive order. You businessmen are going to have more to do with Congress. Federal laws will affect you more and more. I am not sure whether this is good or bad, but I am pessimistic. I had free enterprise when I started in business. You should realize that you are witnessing a conflict between liberty and federal authority. We have never had absolute freedom in this country. We have recognized that there are restrictions necessary for common welfare. I have always felt that the work and ingenuity on the part of an individual should reward him in proportion to his contribution. We hear complaints of unearned fortunes. Generally speaking, fortunes are made by performing better services. This is the fundamental way to build business.

"The conflict between freedom and authority is growing more intense. As a Congressman, I have been impressed with the fact that we have built a giant state that is exercising more authority over your businesses and your private lives. We have seen Congress transfer to the executive branch a lot of blanket authority under the guise of emergency. I often hear this deplored in Congress. I hear Congressmen say that they would like to restrict the power of the executive branch and regain some of the power they have lost. This position is clearly seen in the actual seizure of the steel industry. A lot of us have no firm opinion of the justification of the Wage Stabilization Board's recommendation. I have a firm conviction that when we have progressed to the point where the head of the government can seize a big industry without any consideration to the 100,000 owners of that industry, then we have marched a long way on the road to dictatorship. The president could seize to the point of controlling the commerce of the country."

"In the past few weeks in Congress the U. M. T. bill was brought to the floor and voted by a large majority to be returned to the committee. The reorganization of the Bureau of Internal Revenue was approved. This in no way guarantees honesty. Morality cannot be legislated. We must depend on the

MOSCOW BAIT

Foreign businessmen are going to Moscow this month to attend something termed "the international economic conference." They have been lured by Soviet hints of advantageous trade transactions. Exporters from the Scandinavian countries and Italy are biting on the bait.

Russia will promise, among other enticements, to throw open the China market. A Japanese delegation will attend if it gets the permission of the government. Japan will be offered coal, iron, foodstuffs and other raw materials in exchange for manufactures amounting to approximately 40 per cent of Japan's capacity.

The United States would be powerless to prevent a deal of this sort, now that it has signed a peace treaty with Japan.

Pressure has been brought upon London to urge Japan's acceptance of the Russian deal. Moscow says if Japan doesn't trade with China, Japanese products will be offered elsewhere in Asia at prices which British factories cannot match.

The Soviet propaganda machine is grinding out arguments for traditional trade between West and East in Europe. Russia seeks the manufactured products of Western Europe to aid in building its war machine.

Russia is striving night and day to drive wedges between the Western powers. The trade conference is one such device. If Europe and Japan can resist trade lures, the world will be well on the way toward thwarting Russia's expansionist ambitions. Russia is convinced it can do business with Japan and Britain. Britain, in fact, is supplying huge quantities of rubber to Russia.

"LOW-COST" HOUSING

The government's low-cost housing program is proving to be expensive to taxpayers, according to Representative Smith of Kansas, who has the figures to back up his assertion. Representative Smith says the government could save money for the taxpayers if it made an outright gift of the properties to prospective buyers. Before a city or community can be cut in for public housing the municipality must waive all taxes, real and personal, and must agree to pay for all local services, streets, sewers, fire protection, etc.

Here is how this works out, according to the Congressman: It costs the taxpayers every month \$25.34 for every house built under the government plan to provide this boon. That is \$304 a year, and the community loses the tax on the property, which averages \$144 a year.

Life of these houses is estimated to be 40 years, so the taxpayer will have contributed over that period \$12,169, and local government will have lost in taxes \$5,760, or a total of \$17,929 for one small house which bears more resemblance to a chicken coop than to a dwelling.

Out In The Open

Continued from Page One

that he would take no part in pre-convention activities, Welker asked:

"Does he pretend that he is not asking relief (from his position in NATO) 'in order to seek nomination for political office?' Does he think he is not participating 'in the pre-convention activities' of others?"

The apparent determination of General Eisenhower not to get into any discussion of the issues which lie before the American people and which, in large measure, must be decided upon in the act of nominating a Republican candidate for the presidency, has been amplified in connection with the New Jersey election. The General flatly refused to answer any questions by reporters.

The fact is that while General Eisenhower has been set forth before the American people in a host of glittering generalities, these are so vague in their nature, and so many of them are not his own words but merely the "impressions" of his associates, that nothing tangible is known about his position on a long list of key issues.

No one knows where he really stands on the Taft-Hartley labor law, for instance, nor on the Truman-Acheson foreign policy in Europe and the Far East, nor on compulsory FEPC, nor on government ownership of basic industries, nor on such constitutional questions as whether a president, on the pretense of "emergency," may properly take tyrannical powers and then ask Congress to "pass a law"—which is what President Truman did in the steel strike.

The one single point in which General Eisenhower actually has taken a stand, to be recalled in a quick run-down of his own statements, is in the matter of compulsory military training.

This he favors, and on the basis of every boy spending two full years under military discipline.

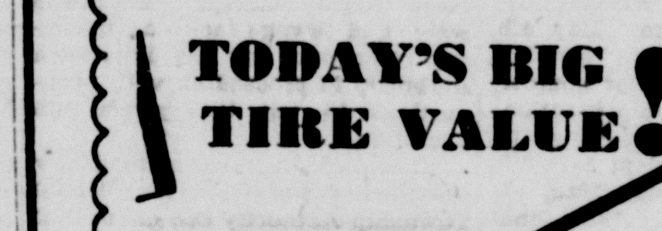

This is a matter which Congress, faced by the sturdy unwillingness of the American people to step into any such militaristic program, has held back on for ten years.

Congressmen have reported, in recent months, that far and away the heaviest mail they receive is in the form of protests over the Truman proposal for universal military training.

The one thing clear thus far about the Eisenhower regime, if he should be nominated and elected, is that almost certainly universal military training will be on the statute books by this time next year.

TIMES' FLYING, FOLKS...

you won't be younger tomorrow!

MOST of the houses in Levittown for this year's occupancy have already been sold. What they'll be selling for next year and the year after is anybody's guess—but it's a guess in one way only: how much higher will they be?

► In Levittown, Long Island—which is all completed—it is next to impossible to buy a house at the price we originally sold it. Increases range from 10% to 40%. The same applies to every other community we have built. In the pre-war Strathmores selling prices today are more than double original figures.

► There is still time to get settled in Levittown before the end of the year if you make an application reasonably promptly.

► The price is \$9,990 plus \$10 settlement costs. Included are exquisitely landscaped grounds of 70 by 100, General electric refrigerator and range, Bendix automatic washer, and a hundred other details and items not usually found in a house at this price.

► Cash required is \$600 for veterans and \$1,500 for non-veterans. Carrying charges are approximately \$60 per month. And the house is a beauty, with 5½ splendid rooms, plus carport and driveway.

► Since Spring is finally here the Exhibit on Bristol Pike is open seven days a week until 10 o'clock in the evening. Serious-minded homeseekers should not delay. Time's flying, folks. You won't be younger tomorrow!

HOW TO REACH LEVITTOWN

By car from Philadelphia: Drive out Roosevelt Boulevard continuing on Route 1 for about 5 miles. Turn right at Levittown sign to Route 13. Turn left on Route 13 about 3 miles to the Exhibit Center.

By car from Trenton: Cross the bridge into Pennsylvania, turn left to Route 13 (Bristol Pike). Continue on Route 13 four miles past Morrisville.

By car from Camden: Drive out Route 130 (Burlington Pike) to Burlington. Turn left and cross bridge to Bristol. Turn right on Route 13 four miles to Exhibit Center.

Young Business Men Told Of Grave Problems Ahead

Continued from Page One

high caliber of the men selected. Most important is the national budget. This budget, in which the president requested 85 billion dollars, took a year to prepare under the guidance of 400 accountants. Congress is expected to understand and adopt the budget in six weeks. It has been suggested that the budget be slashed to 71 billion as that is all that can be taken from the people. A group of us congressmen are trying to cut it still more. We have cut it about 14% so far. I

consider the most important thing before this country today to be the reduction of spending. Our gravest danger is not the threat of war, but the destruction of our economy by spending more than we can raise. I will vote for reductions. We have created a federal government that is too big and being big it grabs more and more authority as a matter of self preservation. Half of the \$900,000,000 budget of the Department of Agriculture is pure subsidy. We can't cut all of the subsidy this year. This money is being handed to farmers who don't need it, and who do not perform extra services for it. We have gotten too big. The basic idea of government is fading under the pressure of bureaucrats who devised things so that government is supposed to be the miracle pitcher for the entire country. All of you business men have a great deal at stake in federal legislation. Freedom and liberty should be cherished. I am sure that this group will be in the forefront campaigning to keep government sound in basic economy."

Horace Tranter, Bristol, a direc-

tor of the Lower Bucks Jaycees, acting as toastmaster, introduced the second speaker, Ray Oatman. Oatman is secretary of the State Jaycees and he said: "A charter meeting is always a source of great satisfaction. Through membership in the Jaycees young businessmen receive invaluable training in leadership. This charter, which I present to you, is a key to opportunity to take an active part in community affairs."

James Biggin, of Bristol, president of the Lower Bucks Jaycees, accepted the charter. "It is gratifying to accept this charter. It has been made possible only due to the work and response of our members." He then thanked the Bristol C. of C. and the Phila. Jaycees for their support.

Earl Cunerd, of Phila., the president of the Phila. Jaycees, was introduced as the third speaker. He stated: "This is the third J. C. group that we have started in the last year. It has been a real pleasure for our group to help. Now you can get your efforts, enthusiasms and ideas to the community." He

then presented a lapel pin to President Biggin.

Biggin introduced the officers: External Vice-President John Zlaylek, of Yardley; Internal Vice-President Art Wolf, of Somerton; Treasurer Jacob Townsend, of Bristol; Legal Counsel John Fullam, of Bristol; Director James Kane, of Parkland; Director Horace Tranter, of Bristol; Director Edwin Johnson, of Newtown, and State Director William Haefner, of Morrisville.

National Vice-President of Jay-

cees and the fourth and final speaker, Alvah Adams, of Phila., addressed the group. He told the members that the Jaycees were a great organization and that in the last two years the impetus of the Jaycee movement has been outstanding. He concluded by saying: "Salesmanship offers a great opportunity to you to sell Jaycee. There are more reasons for 'aycees than any other organization that I know of. There is no other county in the state or in the entire country that has the opportunities that are available here. It is a challenge to you.

Make Bristol a city equalled by none in the world.

Tranter ended the meeting on the thought that the Jaycees will undertake projects to make this portion of the state a better place.

"Clean-up, Fix-up, Paint-up" is a good slogan and a good habit.

Convention Hall, Phila., was opened Apr. 8, 1951.

Today's Quiet Moment

Submitted by the Rev. Stanley A. Powell, Jr., B.D., Rector, Christ Episcopal Church, Eddington Vicar, St. Paul's Edgely.

Christ is risen from the dead and become the first fruits of them that slept.

For since by man came death, by man came also the resurrection of the dead.

For us in Adam all die, even so in Christ shall all be made alive. (1 Cor. 15:20 ff.)

"O Lord God Almighty, whose blessed Son our Saviour Jesus Christ did on the third day rise triumphant over death: Raise us, we beseech Thee, from the death of sin unto the life of righteousness, that we may seek those things which are above, where He sitteth on Thy right hand in glory, and this we beg for the sake of the same Thy Son Jesus Christ our Lord. Amen. (Scottish Book of Common Prayer.)

SPORTSMEN'S BRIEFS

By "Ollie" Hobbs
Pinch-Hitting for Joe Elbertson

I was walking around Silver Lake this week and from what I could see this is a lake that is enjoyed by everyone. All types of people, not only the fishermen, but also the ones who like to take a walk on a Sunday afternoon, the ones who want to sit in their cars and enjoy its beauty and the mothers who take their children around the lake. There are others who just want to sit there at night to talk. Our lake is a beautiful place, in fact, it is one of the most enjoyed places in Bristol, and we should try to keep it that way.

Please, Mr. Fisherman, don't throw that trash along the banks. It's no trouble to take it back home and dispose of it in the proper way. Don't leave any unsightly things around to mar the beauty of the lake.

While I was riding along Magnolia road near Silver Lake on Sunday, I happened to see two deer crossing the road about 200 feet in front of me headed toward the lake. They were also seen by two other cars who stopped to view this unusual scene. The deer looked very thin and in need of food.

Five fellows, members of the Bristol Fish and Game Protective Ass'n went to North Jersey and fished the Musconetcong River on Saturday, the opening day of the New Jersey season. These boys were John Baker, who got seven nice trout; Ben Sroka, eight; (they tell me Ben was sure happy about his catch) Ralph Baker landed eight; Jay Baker, two and "Tom" Harrison, three. All the trout were between 10 and 14 inches. The weather was cold and they had a lot of sleet in the morning. The water was cloudy, and considering everything this is what I would call a very good day on any stream.

On Saturday, I fished Spruce Run at Glen Gardner, N. J. I picked up two nice brook trout, but most of the boys had their eight trout by nine o'clock. The stream was in the best shape I have ever seen it, but the trout just outsmarted me and my flies. I just couldn't get myself down to using garden hackle.

The fishermen in Bucks county had a very poor opening day on April 15th. Buckingham Valley had a very bad storm Monday night and the streams were muddy and far over their banks. In fact, you could hardly find the stream. No fish were taken from Mill Creek—the fishermen just stood around and talked about the high waters.

Cooks Creek wasn't as bad as Mill Creek but it couldn't be fished as it should be because of the condition of the water. There were a few trout taken but not as many as would have been if it hadn't been for the muddy water.

From all reports the storm extended up into the Pocono Mountains and fishing was very poor on all streams. There should be plenty of trout left for us fly fishermen and C. A. French has promised another stocking of trout before the season ends.

Now with the rabid fox in the high light, this is what the venison control chairman of Bristol Fish and Game Protective Ass'n has to say, "Nick" Rubins, the chairman, says the fox hunters in lower Bucks county have done a swell job in keeping the fox under control. The Newtown hunters have killed 40 foxes this year; Langhorne hunters turned in 36; Hulmeville, 27; Morrisville, 13 and Bristol hunters bagged 25 foxes making a total of 141 foxes so far this year. Because of this fine kill we were not troubled with the rabid foxes as were some nearby areas.

These hunters have done more for the small game hunters and also for the public than anyone knows. By reducing the fox population, these hunters have kept the scare of rabies away from this section and helped the farmer protect his poultry. Even so, I have had hunters say to me, "Why don't they keep the fox hunters out of the field when the small game season is over so we would have more game?" Well, I don't think there is a fox hunter who would kill any game out of season. If he did, I think he sure has earned it. They are more interested in hearing their dogs run than in killing game, so let them continue to do the same good job they have been doing.

The Pennsylvania Game Commission, at their meeting of January 10th, 1952, adopted the following program for bounty payments on predators: foxes, grey or red, \$4 each; weasel, \$1 each; great-horned owl, \$5 each for adult or fledgling.

This program will become effective June 1st, 1952, and continue until further notice.

10 ERRORS DOWNFALL OF BRISTOL TEAM

Ten errors proved the downfall of the Bristol High girls yesterday as they lost to Council Rock girls, 11-9, on the Bristol Diamond.

Bristol outthit the winning team, 0-7, but the miscues, especially toward the finish of the tilt doomed the locals. Only Janet Plowman and Peggy Mount escaped having an error charged against them in the Bristol lineup.

Bristol will meet Bensalem on the latter's field next Wednesday.

ELECT GEORGE R. BLAY FOR CONGRESS (BUCKS-LEHIGH DISTRICT)

We are proud to present to the voters of Bucks County GEORGE R. BLAY as the Republican candidate for Congress in the 8th Congressional District.

Mr. Blay was born in Lehigh, Carbon County, in 1905. In 1912, with his parents, he moved to the Borough of Fountain Hill, Lehigh County, where he still resides. He was educated in the schools of that borough and in the schools of the City of Bethlehem. Upon graduation he entered the newspaper field, having worked on the Bethlehem Times, The Philadelphia Inquirer and the Bethlehem Globe-Times.

Mr. Blay is married and the father of one son, who during the Second World War served with the Marine Corps in the Pacific and was recalled to service in 1950 and is presently doing "police action" in Korea.

In 1944 Mr. Blay was selected by the late Congressman Charles L. Gerlach as his Executive Secretary and served in that capacity until the death of Mr. Gerlach in 1947. He was also secretary and general manager of the Allentown Supply Corporation and in 1948 went into business with his son and is presently managing that business until his son's return from service.

We believe that we should elect Mr. Blay as our Congressman because during the three years that he served as the secretary to Mr. Gerlach he gained much valuable experience and knowledge of the office he is seeking and realizes the services that must be given to the people of the district he represents.

A Congressman's position is one of dignity, honor and service and he realizes the importance of efficient government, wise law-making and good business management.

Our government in America is no better than the people we elect to public office. That is why it is of utmost importance to consider their qualifications and then on April 22 go to the polls and vote carefully.
